

JAPANESE

最後のキスはタバコの flavor がした

ニガくてせつない香り

明日の今頃には あなたはどこにいるんだろう

誰を思ってるんだろう

You are always gonna be my love

いつか誰かとまた恋に落ちても

I'll remember to love

You taught me how

You are always gonna be the one

今はまだ悲しい love song

新しい歌 歌えるまで

立ち止まる時間が動き出そうとしてる

忘れたくないことばかり wou

明日の今頃には わたしはきつと泣いている

あなたを思ってるんだろう

ENGLISH

The last kiss was the flavor of tobacco

A sad and bitter aroma

About this time tomorrow,

Where will you be?

Who will you think of?

You are always gonna be my love

Even if one day I fall in love with someone else

I'll remember to love you taught me how

You are always gonna be the one

It's still a sad love song

Until I'm able sing another song

The paused time

Is about to move

But I don't wish to forget

About this time tomorrow,

I'll probably be crying,

Most likely thinking about you
